

Katun® Performance™ Monochrome Toners for use in

Utax LP 3035 and LP 3435

Printers

Katun PNs: 39623, 39953 • OEM PN: See Page 2

Katun is pleased to announce the release of these top quality new-build toner cartridges for use in Utax printers

The introduction of these Katun® Performance™ toner cartridges for use in the very popular Utax LP 3035 and 3135 machines adds to Katun's growing product offering for use in Utax monochrome printers. These products provide reliable performance, significant cost-savings and outstanding print quality. To enable full compatibility with managed print systems (MPS), these new-build Katun® Performance™ cartridges come standard with a chip, like the OEM cartridge.

Benefits:

◆ Toner Performance You Can Trust

These Katun® Performance™ new-build toner cartridges have been developed and rigorously tested to provide outstanding image quality, image density, page yields and fusing performance. You'll receive OEM-equivalent performance from this reliable, profitable OEM alternative.

◆ Reduce Your Supplies Costs

If you are looking to gain a competitive advantage, these toner cartridges are the solution. They offer outstanding performance at a significant cost savings, which means you can improve your profitability without sacrificing quality.

◆ New-Build Quality and Performance

These new-build toners are the result of Katun's ongoing commitment to quality and provide the outstanding performance and remarkable print quality that is synonymous with the Katun® Performance™ brand name.

◆ A Growing Line You Can Count On

Katun's line of products for use in Utax printers continues to expand with the introduction of these highly anticipated toner cartridges. Utax dealers who have successfully utilized previous Katun® toner cartridges because of consistent performance, high print quality and significant cost savings, will be equally satisfied with these new Katun® toner cartridges which include the RFID chip to allow for full MPS functionality.

Machine Overview

In 2006, Utax introduced the LP 3035 printers. In mid 2010, the LP 3135 printers were introduced. These monochrome laser printers were designed to satisfy small or medium size teams in office environments. These machines deliver print speeds up to 35 ppm and a 15 second or less first-print time.

Models	Speed (ppm)	Mfg Status
LP 3035	35	Discontinued
LP 3135	35	Current

Product Characteristics

Models	OEM PN	Katun PN	Yield	Chip	Available
LP 3035 LP 3045	44035 10010	39623	15,000	Yes	May 2013
LP 3135 LP 3335	TK-170, 1T02LZ0NLO	39953	7,200	Yes	April 2013

**OEM Stated Yield; actual yield may vary depending on machine application, machine condition and usage conditions.*
