

Katun Performance™ Monochrome Toner for use in

Samsung ProXpress M3320/3820-series

Printers & MFPs

Katun PN: See Page 2 • OEM PN: See Page 2

Receive OEM-equivalent yields, outstanding print quality and excellent performance in your Samsung printers!

Increase your profitability without risk! Katun has expanded our line of high-quality toners for use in Samsung printers and MFPs. This remanufactured Katun Performance™ monochrome toner provides outstanding performance, print quality and cost savings. These printers are still actively being sold by Samsung, so dealers can realize both immediate and long-term profit opportunities.

Benefits:

◆ Rigorous Product Development and Testing

This new monochrome toner has been developed and rigorously tested to ensure complete compatibility with the OEM toner and to provide outstanding

- Image quality & density
- Yields
- Fusing performance

◆ Reduce Your Supplies Costs Without Risk

This toner offers OEM-equivalent print quality at a significant cost savings, which means you can improve your profitability without sacrificing performance or customer satisfaction. Additionally, as these printers are still actively being sold by Samsung, the new Katun monochrome toner provides dealers with immediate and long-term profit opportunities.

◆ Consistent Quality and Performance and a Seamless Transition

These remanufactured toner cartridges fit, install, and perform similar to the OEM products, which helps make the transition from OEM toner to Katun Performance™ toner seamless for your customers. These toner cartridges are developed and manufactured according to Katun's strict quality guidelines to ensure consistent quality and performance.

◆ The Power of Choice

Increase your leverage by choosing non-OEM supplies. Katun offers a comprehensive line of toner cartridges for use in the most popular Samsung monochrome and color printers and multifunctional equipment, enabling you to meet the printing supplies needs of all your customers – whether large or small.

Machine Overview

Introduced in 2013, this series of 33-40 ppm printer and MFPs is ideal for smaller sized office settings that require many of the multifunction capabilities of a full sized based monochrome MFP without the high cost.
