

# Katun® Performance™ Colour Toner for use in

## OKI MC851/861-series

### Printers

Katun PN: See Page 2 • OEM PN: See Page 2

## Switch to these remanufactured toners from Katun and receive excellent color reproduction and OEM-equivalent yields!

Katun introduces more remanufactured color printer toners to our growing line of high-quality Katun Performance™ toners for use in OKI printers. This color toner set provides outstanding performance, remarkable print quality and significant cost savings. Although these printers have been discontinued by OKI, these toners will still provide dealers with immediate cost savings and profit opportunities.

### Benefits:

#### ◆ High Print Quality, Yields and Performance

These color toners have been developed to ensure you receive outstanding image quality, color reproduction, yields and fusing performance – as well as complete compatibility with OEM toner.

#### ◆ Reduce Your Supplies Costs

Receive outstanding performance at a significant cost savings; improve your profitability without sacrificing quality. While these printers are no longer actively being sold by OKI, these Katun color toners will provide dealers with immediate cost savings and great profit opportunities.

#### ◆ Tested to Ensure Our High Standards

These remanufactured toner cartridges fit, install, and perform similar to the OEM products, which helps make the transition from OEM toner to Katun toner seamless for your customers. These Katun Performance™ toner cartridges are developed and manufactured according to Katun's strict quality guidelines to ensure consistent quality and performance.

#### ◆ A Growing Line You Can Count On

Katun offers a comprehensive line of toner cartridges for use in today's most popular OKI monochrome and color multifunctional equipment, enabling you to meet the printing supplies needs of all your customers – whether large or small.

## Machine Overview

Introduced in 2011, these 34ppm multifunctional color printers are ideal for mid-sized workgroups that require color printing in a full featured device. The MC851 is for workgroups seeking a full featured machine at an affordable price and the MC861 is workgroups with higher print volume requirements.

Model	Intro	Speed (PPM)	Mfg Status	Functions
MC851	Q3-2011	34	Discontinued	Scan, Print, Copy
MC861	Q3-2011	34	Discontinued	Scan, Print, Copy
