

Katun Performance™ Compatible Color Developer Units for use in:

Konica Minolta bizhub C220/ C280/ C360-series

MFPs

Katun PNs: 48611, 48612, and 48613

OEM PNs: A0XV0KD (DV311C), A0XV0ED (DV311M),
and A0XV08D (DV311Y)

These Katun compatible color developer units enable Konica Minolta dealers to save money without sacrificing image quality or performance!

Katun is very pleased to introduce Katun Performance™ compatible color developer units for a wide range of Konica Minolta color applications. These cyan, magenta and yellow developer units offer OEM-equivalent performance at a significantly lower cost – providing dealers with an outstanding profit opportunity for this large machine base.

Benefits:

◆ **Cost-per-Copy Savings and Customer Satisfaction**

Dealers choosing these Katun Performance™ compatible color developer units will see significant cost-per-copy savings versus the OEM developer units for these machines, improving overall profitability without compromising quality.

◆ **OEM-Equivalent Performance and Easy Installation**

During laboratory testing, these Katun Performance™ developer units produced image density, life, and overall performance equivalent to the OEM product. Additionally, these Katun developer units offer easy, drop-in installation, just like the OEM product.

◆ **Fit and Function in Develop Applications**

These Katun Performance™ compatible color developer units will also provide dealers with an opportunity to reduce expenses on their installed Develop INEO +220, +280, & +360 machine base.
