Katun's compatible color developer units enable Olivetti dealers to save money without sacrificing image quality or performance!

Katun is very pleased to introduce Katun Performance™ compatible color developer units for a wide range of Olivetti color applications. These Cyan, Magenta, and Yellow developer units offer OEM-equivalent performance at a significantly lower cost than the OEM products – providing dealers with an outstanding profit opportunity for this large machine base.

Benefits:

◆ Cost-per-Copy Savings and Customer Satisfaction

Dealers choosing these Katun Performance™ compatible color developer units will see significant cost-per-copy savings versus the OEM developer units for these machines, improving overall profitability without compromising quality.

◆ OEM-Equivalent Performance and Easy Installation

During laboratory testing, these Katun Performance™ developer units produced image density, life, and overall performance equivalent to the OEM product. Additionally, these Katun developer units offer easy, drop-in installation, just like the OEM product.
