See page two for part numbers

New-build color toner cartridges provide great print quality & significant cost savings!

Benefits:

◆ **OEM-equivalent Quality, Performance and Yields**

These Katun® Performance™ toner cartridges are engineered to provide quality, performance, and yields equal to that of the OEM toner cartridge for these applications.

◆ **Reduce Costs and Improve Your Bottom Line**

OEM-equivalent performance at significant cost savings means you can improve your profitability without risking customer satisfaction.

◆ **One Stop Shopping for Samsung Color**

Customers can look to Katun for a broad offering of color toner for use in Samsung printers/MFP's. The introduction of these color toners comes just months after the successful launch of Katun® Performance™ color toner for use in Samsung CLP 500/550 and CLP 510 printers.

Machine Overview

In 2006, Samsung launched a series of mini personal Color Laser Printers centered around the CLP-300 platform. These models, which were sold through multiple channels, are relatively inexpensive, and are one of the quietest printers on the market. As a result, they became very popular and have been extremely well placed, especially across Europe.
