Printers

Katun PN: See Table - Product Characteristics
OEM PN: See Table - Product Characteristics

These remanufactured Katun® Performance™ colour toners provide outstanding value, adding to our growing line of products for use in OKI office equipment

Whether you are in the market for colour or monochrome toner cartridges for personal use or home office printers – or colour cartridges for commercial reproduction high-speed machines – Katun has a cost-effective toner solution for you. The introduction of these new colour toners for use in high-speed OKI printers expands Katun's already large offering of high-quality toners for OKI printers and MFPs. These remanufactured toner cartridges have been subjected to Katun® Performance™ 360° quality certification and provide reliable, consistent, industry-leading performance. Best of all, dealers who purchase these toners will enjoy significant cost savings vs. the OEM toners – a competitive advantage, especially during challenging economic times.

Benefits:

◆ Expense Reduction – When You Need it Most!

In today's economic environment, every business, whether large or small, is looking for cost savings and other competitive advantages. These new Katun® Performance™ toners offer you just that – significant cost savings versus OEM supplies, without sacrificing performance.

◆ High Remanufactured Quality

These remanufactured toner cartridges fit, install, and perform the same as the OEM cartridges (models included: C9600, C9650, and C9800-series), and contain a compatible chip designed specifically for the designated model application; this helps make the transition from OEM toner to Katun® Performance™ toner seamless for the consumer. All remanufactured Katun® Performance™ toners are developed and remanufactured according to ASTM, STMC & ISO quality guidelines.

◆ Katun is Your Number One Source for Monochrome and Colour Toner for use in OKI Printers & MFPs

Katun offers a growing line of competitively priced monochrome and colour toners for use in many of the most popular OKI printers and MFPs. Whether it's colour toner for the old or new C 5000-series printers and MFPs or monochrome toner for the popular B 4250/4300-series printers, Katun has the quality toner you need at prices that will add profit to your bottom line.
