## This Katun® Performance™ remanufactured toner cartridge provides great value without sacrificing quality

The introduction of this remanufactured toner cartridge adds to our impressive line of product available for Brother's most popular printer and MFP series. This product provides an excellent value for small office customers – immediate cost savings without a loss of performance.

### Benefits:

#### ◆ Toner Performance You Can Trust

This remanufactured Katun® Performance™ toner cartridge for use in Brother DCP 8080-series, HL 5340-series, and MFC 8480-series applications, has been developed and rigorously tested to provide outstanding image quality, image density, page yields and fusing and to ensure complete compatibility with the OEM toner. Katun's testing and evaluation protocols ensure industry-leading performance – giving you a reliable and profitable alternative to the OEM toner.

#### ◆ Keep Expenses Low and Maintain Quality

In today's changing economic environment, most businesses, whether large or small, are looking for cost savings and ways to gain a competitive edge. This Katun® Performance™ toner offers you just that – significant savings versus OEM supplies, without sacrificing quality.

#### ◆ High-Quality Remanufacturing

This remanufactured toner cartridge fits, installs, and performs similar to the OEM product, which helps make the transition from OEM toner to Katun® Performance™ toner seamless for your customers. All remanufactured Katun® Performance™ toner cartridges are developed and remanufactured according to ASTM, STMC & ISO quality guidelines.

#### ◆ Katun Offers a Large Selection of Toner Cartridges and Drum Units for use in Brother Printers & MFPs

Katun offers a broad range of high-quality remanufactured toner cartridges and drum units at competitive prices for many of Brother's most popular printer and MFP series. You can count on us for the majority of your Brother supplies needs.

## Machine Overview

In April 2009, Brother introduced the DCP 8080-series, HL 5340-series, MFC 8480-series designed for businesses and small work groups. The machines in each model series offer fast print and copy speeds up to 32ppm, high quality output, and automatic duplex capability. The DCP 8085 model includes automatic two-sided scanning and copying.
