

Katun® Performance™ TONER AND DRUMS

for use in **HP P1005/P1505-series** Printers

Don't Risk Your Reputation by Using Low Quality Components...Use Katun's Drum and Toner System!

With Katun® Performance™ printer components, you can depend on industry-leading quality, reliable performance, and competitive pricing. These Katun components were designed and developed as a system, to ensure optimal print performance and imaging unit life.

Why choose Katun® Performance™ products?

- Toner and drums are 100% compatible with each other
- Katun's toner formulation is specific to the requirements of the intended model series
- Utilizing these products will help prevent light image density, lead-edge background, and poor adhesion – issues sometimes encountered with other aftermarket toner and drums
