

HP Color LJ CP 2025/2320-series

Printers & MFPs

Katun PN: See list on Page 2
OEM PN: See list on Page 2

Experience high-performance color and greater profits with Katun® color toners for use in these popular HP machines!

North America

The introduction of these new color toners expands Katun's offering of high-quality toners for use in HP printers and MFPs. These Katun® Performance™ chemical toners provide outstanding performance and excellent print quality, print after print, ensuring end-user satisfaction. Best of all, these remanufactured color toner cartridges are priced very competitively versus the OEM toner cartridges, enabling greater dealer/distributor profitability.

Benefits:

◆ A Complete Line of Consumables for use in HP Printers

Katun now offers a complete line of remanufactured toner cartridges for use in today's most popular HP monochrome and color printers in the small office and home office channel.

◆ Toner Performance You Can Trust

This Katun® Performance™ remanufactured toner cartridge has been developed and rigorously tested to provide outstanding image quality, image density, page yields, and fusing performance. You'll receive industry-leading performance from these reliable, profitable OEM alternatives. Over six billion* color pages have been printed with Katun® color toner – Katun takes the fear out of color!

◆ Katun's Chemical Toner Formulation Ensures Top Quality

Katun uses chemical/polymerized toner for these applications, whereas many aftermarket companies use conventional toner. The use of chemical toner ensures image quality and color reproduction equivalent to that of the OEM toner

◆ High-Quality Remanufacturing

These remanufactured toner cartridges fit, install, and perform like the OEM toner cartridges for these applications, which helps make the transition from OEM toner to Katun® Performance™ toner seamless for your customers. All remanufactured Katun® Performance™ toner cartridges are developed and remanufactured according to ASTM, STMC, and ISO quality guidelines. ss.

◆ Reduce Your Service Costs

Dealers can easily reduce their service costs and increase profits by purchasing these competitively priced color toner cartridges instead of the OEM cartridges.

*Estimate based on number of toner cartridges sold times estimated yield per cartridge.

Machine Overview

In 2008, Hewlett Packard released the LJ CP 2025/2320-series, as an addition to the LJ CP 1215-series in this machine segment. The LJ CP 2025/2320-series has higher print speeds for both black and color and produces 60% (black) and 100% (color) higher yields. This machine is designed for use in small office or home office environments. The CP 2025n has manual two-sided printing and the CP2025dn and CP2025x models have automatic two-sided printing. The CP2025x also comes with a 250 sheet third tray.

Model	Speed (ppm) Black / Color	Intro Date	Mfg Status	Markets	Est USA Retail Price	Recommended Monthly Volume	Functions
LJ CP 2025	21 / 21	2008	Current	Worldwide	\$399	750 – 2000 pages	Print
LJ CP 2025n	21 / 21	2008	Current	Worldwide	\$499	750 – 2000 pages	Print
LJ CP 2025dn	21 / 21	2008	Current	Worldwide	\$499	750 – 2000 pages	Print
LJ CP 2020x	21 / 21	2008	Current	Worldwide	\$599	750 – 2000 pages	Print
