**Katun expands its HP monochrome line with this remanufactured toner cartridge that delivers top-notch print quality at an affordable cost!**

The introduction of this Katun® Performance™ toner cartridge for use in HP LJ P 3015-series machines adds to Katun's strong and growing product offering for use in HP monochrome printers. This remanufactured toner cartridge provides outstanding print quality and performance while achieving OEM-equivalent yields. In addition, choosing Katun Performance brand over the OEM toner cartridges provides a significant cost savings.

### Benefits:

#### ◆ Toner Performance You Can Trust

This Katun® Performance™ remanufactured toner cartridge has been developed and rigorously tested to provide outstanding image quality, image density, page yields and fusing performance. You'll receive industry-leading performance from this reliable, profitable OEM alternative.

#### ◆ Reduce Your Supplies Costs

Every organization is looking for ways to cut their expenses. This new Katun® Performance™ toner offers significant cost savings versus OEM supplies, without sacrificing quality, performance or customer satisfaction.

#### ◆ High-Quality Remanufacturing

The new Katun® Performance™ toner is produced according to Katun's proven remanufacturing process. Each cartridge is the result of an exhaustive multi-step process according to ASTM, STMC, and ISO quality guidelines to ensure OEM-equivalent performance.

#### ◆ Extensive Line of Consumables for use in HP Printers

Katun now offers a complete line of remanufactured toner cartridges for use in today's most popular HP monochrome and color printers, enabling you to meet the printing supplies needs of all your customers – whether large or small.

## Machine Overview

In 2009, HP introduced the HP LJ P 3015-series printer. Its quick speed is ideal for businesses that print large volumes of documents. Adjustable paper trays make it easy to print on various types of media. Individuals can keep all information confidential, by using the 10-key pad that allows for private PIN numbers to be set up. This machine has automatic two-sided printing for all models.
