Converting to high-quality Katun® Performance™ colour toners will meet or exceed your expectations!

*Note: Products shown represent
Katun products in this category.*

Katun introduces a new range of Katun® Performance™ colour toners for use in Xerox Phaser printers and MFPs. These new-build toner cartridges have been rigorously tested and provide reliable, industry-leading performance. By choosing Katun® Performance™ toners, dealers can increase their profits with significant cost savings versus the OEM toner.

Benefits:

◆ Ensure Customer Satisfaction with New-Build Katun® Toner Cartridges

These new-build toner cartridges provide outstanding colour image quality and OEM-equivalent yields, ensuring product consistency, reliability and customer satisfaction.

◆ Toner Performance You Can Trust

Katun® Performance™ toners have been developed and rigorously tested to provide outstanding image quality, image density, page yields, fusing performance, and complete compatibility with OEM toners. Katun's testing and evaluation protocols ensure industry-leading performance, giving you a reliable and profitable OEM alternative. You can count on Katun for consistent performance, high print quality, and true cost savings for your Xerox colour laser printers.

◆ Convert from OEM Colour Toners and Realize Significant Cost Savings!

Businesses are constantly seeking cost saving opportunities and ways of improving their competitive advantages. These new Katun® Performance™ colour toners offer just that – significant cost savings versus OEM supplies, without sacrificing performance, quality or customer satisfaction.

◆ A Growing Imaging Supplies Portfolio for use in Xerox Applications

These new toners are Katun's first offering for Xerox colour laser printer applications. While some of the applications are no longer being actively sold by Xerox, many applications are still in use today.
