

# Katun® Performance™ Colour Toners for use in

## OKI Colour Laser

### Printers & MFPs

Katun PN: various - see page 2

OEM PN: various - see page 2

**These high-quality new-build Katun® Performance™ colour toners will meet or exceed your expectations and improve your bottom line!**

*Note: Products shown represent Katun products in this category.*

Katun introduces a new range of Katun® Performance™ colour toners for use in OKI colour printers and MFPs. These new-build toner cartridges have been rigorously tested and provide reliable, industry-leading performance. By choosing Katun® Performance™ toners, you can increase your profits with significant cost savings versus the OEM toner.

### Benefits:

#### ◆ Ensure Customer Satisfaction with New-Build Katun® Toner Cartridges

These new-build colour toner cartridges provide outstanding colour image quality, OEM-equivalent yields and consistent performance, ensuring end-user customer satisfaction. Improve your profitability without risk!

#### ◆ Toner Performance You Can Trust

Katun® Performance™ toners have been developed and rigorously tested to provide outstanding image quality, image density, page yields, fusing performance, and complete compatibility with OEM toners. Katun's testing and evaluation protocols ensure industry-leading performance, giving you a reliable and profitable OEM alternative. You can count on Katun for consistent performance and high print quality.

#### ◆ Convert from OEM Colour Toners and Realize Significant Cost Savings!

Businesses are constantly seeking cost-saving opportunities and ways of improving their competitive advantages. These new Katun® Performance™ colour toners offer significant cost savings versus OEM supplies, without sacrificing performance, quality or customer satisfaction – providing value that is unsurpassed.

#### ◆ A Growing Imaging Supplies Portfolio for use in OKI Applications

These new toners are Katun's latest offering for use in numerous OKI colour laser printers. While some of the applications supported by these new Katun® toners are no longer being actively sold by OKI, many applications are still in use today. Our full line of Katun® Performance™ brand toners for use in OKI machines offers dealers and end-users a reliable alternative to high-priced OEM toners.
