

Katun® Performance™ Color Toner for use in

HP LJ CP 4025/4525-series

Printers & MFPs

Katun & OEM PNs: See Page 2

When you need high-quality color toner for your HP printers, trust Katun® to meet your business needs!

Katun introduces yet another addition to an already strong and comprehensive line of high-quality color toners for use in HP printers and MFPs. This remanufactured Katun® Performance™ color toner set provides outstanding performance, remarkable print quality, and significant cost savings. As these printers are still actively being sold by HP, this Katun® color toner set provides dealers with immediate and long-term profit opportunities.

Benefits:

◆ Choose Katun® Color Toner for Consistent Color Quality and Performance

You can trust Katun for color – this color toner set has been developed and rigorously tested to ensure complete compatibility with the OEM toner and to provide outstanding:

- Color Reproduction
- Image Quality & Density
- Yields
- Fusing Performance

◆ Katun's Chemical Toner Formulation for HP Printers Provides Exacting Color Matching

The use of chemically produced toners developed specifically for the HP CP4025/4525-series printers ensures image quality and color reproduction equivalent to that of the OEM toner, to meet the expectations of your most demanding HP color customers.

◆ High-Quality Remanufacturing

These remanufactured toner cartridges fit, install, and perform similar to the OEM products, which helps make the transition from OEM toner to Katun® Performance™ toner seamless for your customers. All remanufactured Katun® Performance™ toner cartridges are developed and remanufactured according to Katun's strict quality guidelines to ensure consistent quality and performance.

◆ Extensive Line of Consumables for use in HP Printers

Katun offers a comprehensive line of remanufactured toner cartridges for use in today's most popular HP monochrome and color printers, enabling you to meet the printing supplies needs of all your customers – whether large or small.

Machine Overview

In late 2009, HP introduced the LaserJet CP4025/4525-series printers, geared towards small workgroups that require network-ready color printers. These machines offered reliable performance while also providing exceptional print quality, high color output speeds and lower than average operating costs versus similar color printers offered by other OEMs at the time.

Model	Speed (ppm)	Mfg Status	Markets	Functions
CP 4025 DN	35	Current	WW	Print
CP 4525 DN	42	Current	WW	Print
CP 4525 N	42	Current	WW	Print
CP 4525 XH	42	Current	WW	Print

Product Characteristics

Color	OEM PN	Katun PN	Yield*	Priced Per/Sold In
