

Katun® Performance™ Monochrome Toner for use in

Lexmark X463/464/466-series

Printers & MFPs

Katun PN: 39514 • OEM PN: X463X21G

Increase your profits and receive excellent print quality with this Katun® Performance™ monochrome toner

Note: Products shown represent Katun products in this category.

The addition of this Katun® Performance™ toner cartridge for use in Lexmark X463/464/466-series applications expands Katun's growing product offering for use in Lexmark monochrome printers. This remanufactured toner cartridge provides outstanding performance and excellent print quality, print after print, ensuring customer satisfaction. The combination of performance and significant cost savings means outstanding value for you and your customers.

Benefits:

◆ Outstanding performance

This Katun® Performance™ remanufactured toner cartridge has been developed and rigorously tested to provide outstanding image quality, image density, page yields, fusing and full compatibility with the OEM toner. Katun's testing and evaluation protocols ensure industry-leading performance – providing you with a reliable and profitable alternative to high-cost OEM toner.

◆ Quality remanufacturing process

This toner cartridge fits, installs, and performs similar to the OEM product; each cartridge is remanufactured according to strict Katun quality guidelines to ensure OEM-equivalent performance.

◆ Enhanced profitability

Introduced in early 2009 by Lexmark, X463/464/466-series printers are still part of Lexmark's current monochrome printer portfolio. This Katun® Performance™ extra high yield toner provides dealers immediate and long-term profit improvement opportunities on these popular applications..

◆ Expanding line of monochrome toners for use in Lexmark applications

Katun is continuing to expand its line of competitively priced monochrome toners for use in many of the most popular Lexmark printers and MFPs. Katun has the high-quality toner you require at an affordable price.

Machine Overview

In early 2009, Lexmark introduced the X460-series printers geared towards small workgroups that required fast network-ready monochrome printers. Priced lower than most comparable printers offered by other OEMs at the time of their introduction, these machines offered reliable performance, good print quality and very competitive cost per copy.

Model Series	Speed (PPM)	Intro Date	Mfg Status
X463	40	Q1-2009	Current
X464	40	Q1-2009	Current
X466	40	Q1-2009	Current

Product Characteristics

Model Series	Yield*	OEM Part Number	Katun Part Number
X463 X464 X466	15,000 (Extra high yield)	X463X21G	39514
